EXPERIENCE REQUIREMENTS

**Fire Alarm Specialty Technician** must be not less than 20 years of age and has certification by the national institute for certification in engineering technology as an associate engineering technician, level II, or the equivalent as determined by the board, in the field of fire alarm systems technology. Attach NICET certificate to this application

*For the following – You must attach a notarized letter from your present and former employers documenting your experience.*

**Journey Applicant** must be at least 20 years of age and must provide notarized documentation from present and former employers verifying the applicant has not less than 8,000 hours experience obtained over a period of at least 4 years related to electrical construction or maintenance of buildings, or electrical wiring or equipment under the direct supervision of an individual licensed pursuant to the act.

**Master Applicant** must be at least 22 years of age and must provide notarized documentation from present and former employers verifying the applicant has at least 12,000 hours of experience that was obtained over a period of 6 years or more, is related to electrical construction, the maintenance of buildings, or electrical wiring or equipment and was performed under the supervision of a master electrician OR has held an electrical journeyman license for at least 2 years.

**Sign Specialist** must be not less than 18 years and provide notarized documentation from present and former employers verifying the applicant has at least 4,000 hours of experience that was obtained over a period of not less than 2 years, related to the manufacture, installation, maintenance, connection or repair of electric signs and related wiring, as verified by a contractor licensed under the act. Demonstrate the successful completion of a course concerning the installation, maintenance, connection, or repair of electric signs and related wiring as contained in the sign electricians workbook published by the American Technical Publishers, Inc. or any other course designed to address the installation, maintenance, connection, or repair of electric signs and related wiring, as approved by the board.

Certification and Signature

I certify the information provided is true and accurate to the best of my ability. I further understand falsification of any statement is cause for rejection of application or revocation of license, if issued.
